

Institute Accomplishments

- **Strategic Plan**
- **Training** – STEER, T32, Minority/Foreign trainees, K12, ONES
- **Basic Research** – R01, Epigenetics, and Comparative Genomics
- **Translational Research** – Office, DISCOVER Program, and Director's Challenge
- **HEAL Program**
- **Next Year** – GEI, Clinical Research Unit, and Global Environmental Health Initiative

NTP Accomplishments

- **Completed** – 8 chronic bioassays, 13 subchronic studies, 7 reproductive/developmental studies, and 50 genotoxicity studies
- **Initiated** – 5 chronic bioassays, 13 subchronic studies, 4 immunotoxicity studies, 6 reproductive/developmental studies, 20 worm toxicology studies, and 50 genotoxicity studies
- **NTP Roadmap** – HTS (molecular libraries and worm tox program) and Host Susceptibility Program

Completed Sequence 15 Strains of Mice

**NTP/NIEHS and
Perlegen**

**Frank Johnson, E
Schrader, and Kelly F**

NTP Accomplishments

- **Completed** – 8 chronic bioassays, 13 subchronic studies, 7 reproductive/developmental studies, and 50 genotoxicity studies
- **Initiated** – 5 chronic bioassays, 13 subchronic studies, 4 immunotoxicity studies, 6 reproductive/developmental studies, 20 worm toxicology studies, and 50 genotoxicity studies
- **NTP Roadmap** – HTS (molecular libraries and worm tox program) and Host Susceptibility Program
- **Completed sequence of 15 strains of mice**
- **Partner in Gene and Environment Initiative**
- **Associate Director of NTP Search**
